Are you interested in working for the world's largest dedicated offshore construction grouting company? Are you ready to lead and innovate in a dynamic environment?

Do you thrive on challenges and excel in orchestrating seamless project executions? If so, we have an exciting opportunity for you!

We're pioneers in grouting excellence, driven by a passion for innovation and a commitment to delivering top-notch solutions. We're seeking a talented Project Manager to join our team and play a pivotal role in driving our projects forward.

At FoundOcean, our vision is to use our heritage and expertise to support the energy transition. Throughout the last 6 decades we have evolved into the world's largest dedicated offshore construction grouting company. We remain the energy industry's first choice in the facilitation of new and innovative materials and equipment to the market.

Opportunity and Job Scope

As our Project Manager, you'll be at the forefront of our engineering and grouting endeavors, overseeing a team who plan, execute, and deliver our most critical projects. Your responsibilities will include:

- Leading a team of skilled project engineers, fostering collaboration, and ensuring alignment with project goals.
- Supporting your team to develop comprehensive project plans, timelines, and budgets to ensure successful project delivery.
- Identifying and mitigating risks, resolving issues, and ensuring project milestones are achieved on time and within budget.
- Communicating effectively with stakeholders, providing regular updates on project progress, and addressing any concerns or feedback.

Who Are You

We are looking for a person who has a passion for their profession, who is looking to progress and wants to make a difference. If you are willing to learn and at the same time willing to use your experience and skills in FoundOcean, you might be that person

As a new member of the FoundOcean family, you will be encouraged to use your initiative, experience, and talent to help us grow. Based in Livingston, this role will provide you with an amazing opportunity to grow your career,

Advert

Qualifications

- BSc (Hons) / BEng (Hons) in Engineering or relevant experience.
- Proven experience managing engineering projects from inception to completion, preferably in a fast-paced environment.
- Strong leadership skills with the ability to motivate and inspire teams to achieve excellence.
- Exceptional organisational and problem-solving abilities, with a keen attention to detail.
- Excellent communication skills, both written and verbal, with the ability to interact confidently with stakeholders at all levels.

We Can Offer

At FoundOcean we offer you the fantastic opportunity to gain valuable experience, together with competitive terms, benefits, and a satisfying and motivating workplace with a focus on ongoing learning and development. If you're passionate about engineering and ready to take on new challenges, we want to hear from you! Join us in shaping the future of technology and engineering. Apply now and be part of something extraordinary!

If you have any questions or would like to discuss this role further, please reach out to us or apply with CV including your salary expectations by email to hr@foundocean.com

FoundOcean is an equal opportunities employer.
